

## **INSTRUNET HARDWARE & SOFTWARE**

Version >= 1.31 instruNet Hardware and Software for Macintosh, Windows 95 and Windows 98 has been tested to be compliant with the year 2000.

## **SUPERSCOPE II SOFTWARE**

Version >= 2.30 SS2 Software for Macintosh has been tested to be compliant with the year 2000.

## **SOUNDSCOPE SOFTWARE**

Version >= 2.30 Sos Software for Macintosh has been tested to be compliant with the year 2000.

## **MacADIOS HARDWARE**

MacADIOS Hardware is obsolete, no longer being manufactured, and no longer being maintained. It will not be tested for Y2K compliance, yet since it does not rely on date, we do not expect it to conflict.

## **DASYLAB 5 SOFTWARE**

Version >= 5.0 is compliant with the year 2000.
