NOTES

- * for a list of iW+ features, see www.instrunet.com/?1=plus,2=plus_features:features
- * instruNet BASIC is being discontinued and is being replaced with iW+.
- * Existing customers with instruNet Basic (iNet-350) can update to iW+, free of charge (the license codes are the same) by downloading instruNet software >= 2.0 from www.instrunet.com/d
- * iW+ runs on Windows 95-XP, yet not Macintosh
- * Printing now requires iW+
- * The Direct To Excel software now requires iW+ and Windows >= 98 (not 95)
