

## instrunet Power Supplies

The following power supplies provide a 5pin Din output connector compatible with the instruNet #iNet-300 Power Adaptor, #iNet-330 Electrical Isolator, and #iNet-230 PC-Card. This 5 pin Male DIN connector is configured as follows: pin1 Com, pin2 Earth Ground, pin3 +5V, pin4 -12V, pin5 +12V.

Part #	Power	5VDC OUT	+/-12V OUT	SIZE
#iNet-312.8	120/220VAC	2.0A	0.8A	4.3 x 7.6 x 14.6cm

## 3rd Party Power Supplies

Amplicon Liveline, (United Kingdom Tel 44-1-273-570-220, [www.amplicon.co.uk](http://www.amplicon.co.uk)) sells a light weight instruNet compatible switching power supply, Part #Pup30-31, with 110/220VAC inputs and 3A@5V and .8A@+/-12V outputs. It cost approximately 44 BP (\$70 USD).

Acon, Inc (South Easton, Mass, USA, Tel 508-230-8011; Fax 508-230-2371) sells many dc/dc power supplies such as the #L30T1204-12-MK which inputs 9-18VDC and outputs isolated 4A/5V, .5A/+/-12V. It provides screw terminals for the input and output voltages, and measures 10 x 7.5 x 2.5cm. This unit sells for approximately \$130/each quantity 1-9, and \$120/each quantity 10.
